

## **PODS Atlanta Supports Refugee Project with Trinity Presbyterian Church.**

**PODS®**, a leader in the moving and storage industry, will provide a container for Trinity Presbyterian's annual household collection drive for refugee families.

Trinity Presbyterian Church, located at 3003 Howell Mil Road NW, in Atlanta, is gearing up for their 6<sup>th</sup> annual Trinity Serves day, where 400 members will engage in a variety of city outreach projects on Saturday, April 16<sup>th</sup>. They are excited, as one of these projects, in conjunction with PODS, will collect all the necessary household goods to completely furnish apartment homes for two refugee families to help them re-settle here in Atlanta.

Furniture will also be collected for another project through the Agape Community Center that gives "makeovers" to the sleep and study space of Atlanta family homes, where space is cramped and money is tight. This will provide children with the room they need to get adequate sleep and study time opportunities.

The owner of PODS Atlanta, Ed McCrady stated, "This is the second year in a row that we have helped Trinity Presbyterian Church with this important project. We are delighted to be involved with Trinity Serves."

Hanna Hope, co-chair of the refugee project for Trinity Serves Day said "PODS is amazing! Last year I worked with PODS on a volunteer project through my church. They donated a POD for us to put in our parking lot to collect donations to help set up homes for refugee families. We could never have done it without them and I cannot say enough good things about Ed McCrady and PODS in general!"

### **About PODS Enterprises, Inc.**

Founded in 1998, PODS currently provides moving and storage services to more than 240 million consumers in 48 U.S. states, Canada, Australia and soon the United Kingdom through its company-owned and independent franchise network. To date, the PODS network has completed more than 250,000 long-distance relocations, exceeded 1 million deliveries and has more than 140,000 PODS® containers in service.

PODS® secure containers are constructed of a steel frame and are available in three sizes: approximately 8-by-7-by-7 feet, 8-by-8-by-12 feet and 8-by-8-by-16 feet. The 12-foot and 16-foot containers have been tested to withstand winds of more than 110-mph when partially loaded.

For more information or to schedule service, visit [PODS.com](http://PODS.com) or call 800-776-7637. For PODS questions, call Ed McCrady at 404-841-0485.
