

Set the stage for a successful sale.

Delivered as a value-added service from you to your clients.

We all know that a clean, uncluttered home sells faster and for a higher price. PODS® helps make decluttering easier and more convenient by providing storage on-site or in one of our clean and secure Storage Centers.

So let's say your client's house sells quicker than they expected. No problem. They simply pack at their own pace, then we'll store their valuables in one of our clean and secure Storage Centers, and deliver the container when your client is ready, either across town or across country.

We move it.
