PODS is reinventing the way people move and store by making it less stressful, less work and more convenient. Here's how it works. We bring a container right to you. You can pack at your own pace because it's the same affordable price for 1 day or 30. When you're ready, we'll keep your container at one of our many clean and secure Storage Centers, or move it — across town or across the country. It's just that easy.
