

## **PODS Atlanta teams with Run the Reagan Road Race**

**PODS®**, a leader in the moving and storage industry, will provide containers for the family festival.

PODS – Portable On Demand Storage, will donate several PODS-brand storage containers to support the Run the Reagan Road Race, held on Saturday, February 19, 2011.

Run the Reagan holds a half marathon, 10K, 5K, and Fun Run, where 3,500 racers are expected to participate. Proceeds from the event this year will help raise funds for two charitable organizations: Gwinnet Community Clinic, which offers some reprieve for families in Gwinnet County in need of medical services, and YoungLife, a faith-based organization which works with parents, schools, churches and community groups to tackle the social problems that teenagers face.

Tim Carley, Young Life Director of Gwinnet County, stated “Pods Atlanta has been a long time supporter of Young Life in Gwinnet County. For our various events and storage needs PODS is the perfect solution for us. Thanks for the support PODS Atlanta.”

In response, Ed McCrady, Owner of PODS in Atlanta, said “We are pleased to do our part that contributes to local events such as these which provide a fun atmosphere for families to participate in a healthy activity.”

The objectives of the annual Run the Reagan Road Race are to help raise funds to meet the needs of family and children in the Gwinnet community.

### **About PODS Enterprises, Inc.**

Founded in 1998, PODS currently provides moving and storage services to more than 240 million consumers in 48 U.S. states, Canada, Australia and soon the United Kingdom through its company-owned and independent franchise network. To date, the PODS network has completed more than 250,000 long-distance relocations, exceeded 1 million deliveries and has more than 140,000 PODS® containers in service.

PODS® secure containers are constructed of a steel frame and are available in three sizes: approximately 8-by-7-by-7 feet, 8-by-8-by-12 feet and 8-by-8-by-16 feet. The 12-foot and 16-foot containers have been tested to withstand winds of more than 110-mph when partially loaded. For more information or to schedule service, visit [PODS.com](http://PODS.com) or call 800-776-7637.

For PODS questions, call Ed McCrady at 404-841-0485.
