Contents Protection Option

Extra Protection and Peace of Mind

The Best Moving & Storage Idea Ever.™

Why Do You Need Contents Protection?

Events that cause damage can occur, and items kept in storage may have little or no coverage under homeowners or renters insurance policies. Additionally, PODS is not responsible for damage to your stored property, so it is important to protect your possessions. Your PODS® rental agreement requires you to maintain and show proof of insurance, so we offer our Contents Protection Option to meet this requirement.

When you select the Contents Protection Option, your contents and the container will be covered against specific risks by a policy obtained by PODS. Whether the container is on your property, in one of our secure Storage Centers or in transit, your coverage will be effective.

How To Purchase Contents Protection

The Contents Protection Option will be discussed when you place an order for your PODS® container. The amount of coverage will be based upon your determination of the value of your contents. Please note that you are required to disclose individual items in the container with a value in excess of \$5,000; otherwise, such items may not be covered.

Which Type of Losses are Covered?*

You will no longer be responsible for loss or damage to the container. PODS will assume responsibility and obtain coverage for losses to your personal property caused by the following:

- Burglary
- Certified Acts of Terrorism
- Collapse of the Storage Center
- Collision
- Explosion
- Falling objects
- Fire
- Hail
- Lightning
- Overflow of water
- Riot or civil commotion
- Smoke
- Snow or sleet
- Upset or overturning of the container
- Vandalism and malicious mischief
- Vehicles and aircraft
- Weight of ice
- Wind

Which Types of Property are not Covered?*

PODS will not be responsible for valuable items that should not be put into the container such as: money, jewelry, furs, firearms, computer software or programs, credit cards, and certain other invaluable and irreplaceable items. Additionally, damage caused by improper packing, normal shifting, or intentional acts by you to the contents or the container are not covered.

How Are Losses Settled?

In the event of loss, report your claim by calling our toll free number: **866-351-3724**. Your claim will be assigned to an outside claims adjuster for appropriate handling. Among other duties, you will need to create an inventory of lost or damaged goods. Photographs and recordings serve as excellent proof of damage. In the case of theft, you must also file a police report. Please do not dispose of damaged goods until the claim adjuster has inspected them. All claims must be reported upon discovery of damage.

You load it, we move it.
