

“PODS made a huge difference in executing the “Move It!” event. It saved the team at least 20-30 hours of event preparation, packing, and transporting the materials for this event.”

Jaccalen Grillo-Campagnone
Radio Disney Providence
Marketing & Promotions Manager

“My experience with PODS was one like no other. The dedication of everyone on the team, from corporate, to the franchise owners to the drivers was outstanding. Planning this 42 market tour was a success because of PODS. Not only did it save Radio Disney more than 40% in shipping costs, and collectively thousands of hours in labor, everything ran like a well oiled machine.”

Lison Zapach
Radio Disney Integrated Marketing
Promotions Manager

“The best part was our piece of mind. In years past, we had to hope and pray that our shipments would arrive safely and in one piece from stop to stop. We didn’t have to worry with PODS. They were so reliable with all of the pick-ups and deliveries by sending out reminder emails to our contacts in each city. We never had to worry that our sets wouldn’t get there in time. As an event planner, that factor alone is priceless.”

Cara Gizzi
Radio Disney Integrated Marketing
Senior Account Supervisor

Logistics Case Study

PODS helps “Move it” in national continuous move.

Challenge:

- Radio Disney’s summer “Move It!” tour covered 42 cities and nearly 20,000 miles in 7 weeks.
- Interactive Tour with booths and marketing materials took place at malls in 29 states.
- Locations covered entire U.S. from Seattle to Los Angeles and Miami to Boston.
- 6 separate tour routes with all materials being produced and staged in New Hampshire.
- Specific mall locations and Delivery/Pick up dates.

Solution:

- PODS® provided one container for 6 separate “sub routes”.
- Each container was pre-packed with all materials necessary for 7 stops on each tour.
- PODS dedicated Client Services team provided pre-delivery calls and arrangements for each location.

Results:

- Initial delivery to Seattle took only 5 days after materials were prepared.
- All containers and products were delivered on-time.
- All displays and event materials were in perfect condition.
