

The perfect complement to a For Sale sign.

Houses sell quicker when they come with an 8'x8'x16' addition. The addition we're talking about is PODS portable on-demand storage. A POD offers plenty of space for your clients to store excess clutter, helping their houses show well and sell fast. And not only does PODS help you move houses off the market, we can help your clients move across town or cross country.*

They can pack their POD at their own pace, then we'll pick it up and deliver it wherever they're going. We even offer a list of local packing services for clients who don't want to do it themselves. Best of all, RE/MAX® clients receive special discounts. So find out more about how PODS can help your houses show perfectly and your clients move more easily.

RE/MAX clients will receive a discount of 10% off of the delivery and first month's storage on local moving and storage.

**To find out how you can benefit from PODS, call 1-888-776-7637, Ext. 6368.
